15. Multidisciplinary / interdisciplinary

NEP envisions a holistic and multidisciplinary education would aim to develop all capacities of human beings-intellectual, aesthetic, social, physical, emotional, and moral in an integrated manner. To achieve this goal the college has taken all initiatives to be pertinent to the growing demands of the knowledge era. The faculty members who are Chairpersons and Members of the Board of Studies of the affiliating Periyar University have been instrumental in implementing interdisciplinary and multidisciplinary courses for UG and PG

Programs. These courses are offered as elective and extradisciplinary papers. CBCS is adopted by all programs which ensures freedom of choice for the students. Further to achieve a holistic personality internship is introduced for UG and PG Programs which will prepare the learners to face real-life challenges and enhance their employability skills. Undoubtedly the Institution is marching ahead to be an integral part of the Global landscape.

16.Academic bank of credits (ABC):

National Education Policy has chartered a framework to reduce the dropout of students in Higher Education Institutions. The viable solution is to maintain the Academic Bank of Credits. The phenomenal growth of technology has made it possible to save the data of learners, their grades, and the credits earned by them. So the learners' details can be easily saved and retrieved whenever needed. The learners also will be entitled to receive the relevant credential depending upon the year of completion. The dividing line between the rural and urban colleges will be erased. This opportunity would be a boon to the economically and socially underprivileged students of the college. Any prospective student can pursue his/her higher education in any institution of his/her choice as the details will be digitally stored. In order to ensure, effective implementation of ABC the institution is prepared to introduce, after getting the guidance of Periyar University various add-on courses related to their field of study. The college has already taken steps to make students enroll various courses through Swayam & NPTEL portals. The college is ready to procure sufficient storage so as to preserve credit transfer of students.

17.Skill development:

According to NEP, "New technologies involving artificial intelligence, machine learning, blockchains, smart boards, handheld computing devices, adaptive computer testing for student development, and other forms of educational software and hardware will not just change what students learn in the classroom but also how they learn". So Communication and computational skills have to be developed to suit the digital world. The curriculum is redesigned to incorporate these two skills in the syllabus of UG students. Professional English and Communicative English papers are mandatory to secure the degree. Apart from the regular classes, the students are encouraged to join Business English courses offered by British Council. Students enroll themselves in Computer Literacy Program offered by Tamil Nadu Government to

improvise their computer knowledge.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The college offers Arts and Science programs both in Regional and English Languages. The teachers are following a bilingual methodology wherever necessary to teach. Tamil Nadu Government has implemented scholarships for students studying in the vernacular medium and quota system is being followed for admission and the recruitment of such students in the government sector. The promotion of our culture is achieved through various competitions organized by the departments. The college encourages the students to exhibit their artistic and creative skills during the celebrations of various cultural and national festivals. The art- integrated pedagogy will be introduced to the learners to imbibe Indian ethos. This approach will fortify the linkage between education and culture. The impact of it will be respecting other cultures which would assure communal harmony and peace in society. The college intends to provide culture-related online courses. In order to achieve the goal of Fit India, a sportsintegrated approach will be adopted to develop skills like collaboration, self-discipline, self-initiative, selfdirection, responsibility, teamwork and citizenship.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The NEP envisages that the curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and conscious awareness of one's roles and responsibilities in a changing world. Bearing this policy in mind the curriculum designers have framed the syllabus where course objective and outcome are specified for each paper. To achieve the specific objective mentioned in NEP, papers like Value Education, Environmental Studies and Human Rights are included as compulsory papers. This has definitely impacted the students. The students emerging as ethically and morally responsible citizens is evident through their placement positions like uniformed personnel, teachers and entrepreneurs.

20.Distance education/online education:

Epidemics and pandemics have necessitated the usage of an alternative mode of education. NEP reiterates to determine the benefits of online/ digital education. The teachers and students of the college had learned to handle online classes through the digital platform. The initial constraints were surmounted and the

faculty had successfully completed two academic years. Necessity has impelled the teacher and the learner to upskill and upgrade themselves. So the teachers are planning to offer online courses. Some of them are already involved in e-content preparation for their respective subjects. The students too have mastered the technique of attending classes through online mode. Two students belonging to Literature discipline have joined their higher studies in University of Norththumbria, UK.

CURRICULAR ASPECTS	
1.1 - Curricular Planning and Implementation	
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process	
<p>The institution adheres and follows the curriculum designed by Periyar University to which the institution is affiliated. It has its own unique ways of delivering the contents of the curriculum to the students. The Departments frame time table for each class and each staff member for the particular semester and allots portions of the syllabus to be covered for each subject. The staff members have a lesson plan for each unit of the courses they deal with. They use chalk and talk method and audiovisual method to deliver the contents. The teachers make use of ICT like smart</p>	

board, recorded videos, TED Talk, BBC English, and English movies. The materials are posted in the Google Classroom created for each class. The teachers conduct tests periodically to ensure that what they teach reaches the students. Students are given assignments and they also give seminars on particular topics as part of their curriculum. They are involved in group discussion on topics related to their subjects and also on general topics. During the pandemic of COVIC-19, classes were dealt via online.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution prepares its academic calendar every year which gives details about the working days and the schedule for the tests for CIE. The institution adheres to the calendar except when it becomes inevitable and a day has to be declared as a holiday which is not as per the schedule in the calendar. The institution compensates it either by working on a Saturday or by extending the last working day of that particular semester. It adheres to a minimum of 90 working days. The calendar indicates the first working day and the last working day of each semester. It also notifies the schedule for the internal assessment tests - two test cycles per semester and a model examination each semester. Periyar University informs the tentative schedule for end semester examinations and other academic activities that concern all the affiliated colleges. The college governing council decides the last working day according to the examination schedule of the university.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

A special attention is being given to all slow learners. Parents-Teachers meetings are conducted after the publication of the results of end-semester examinations to ensure cooperation from all sides. Students are given frequent revisions of lessons and they are asked to take up regular tests. Frequent counseling from the mentors and the class advisors help them to learn the subjects without any psychological barriers. A special focus is given to teaching grammar which helps them to construct sentences without mistake. As the students hail from regional medium from a rural environment their performance is being monitored frequently. To help the students come out of their barriers, several competitions like Slogan Writing, Essay Writing, Poem Composing and Oratorical were organized through English Literary Association. Reading Club always motivates the students to improve their reading as well as spoken skills. Their active participation in the clubs helps them to improve their writing skills which in turn help them to clear the Exams with ease. They are also motivated to present papers in the conferences conducted by the Department of English and in other institutions.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The Post Graduate students and M.Phil scholars do project and Dissertation respectively as a part of learning. Their area of interest as well as writer of their choice is chosen by students and scholars and they do a detailed analysis with their research supervisor. It is a great experience for them to boom out as a successful academician. The Third year Under Graduate students are divided into six groups and they prepare a magazine which includes interview. They interview the experiences of transgender, entrepreneurs, academicians, professionals and skilled labours. They also draw pictures of great literary giants, environmental issues like Global Warming and cutting trees day today issues etc., They write articles about inventions, growth and various other topics which is always a good experience for them. Periyar University has prescribed 'Environmental Studies' for the First UG students as NMEC paper. As a part of their learning they have planted saplings in the campus. Research Forum which works actively under English Literary Association conducts International/National Conferences and Workshops and motivates students to participate and present papers.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Teachers are well-informed about the curriculum and the syllabus through the University. Syllabus is allotted and the teachers are

informed well in advance. The syllabus is sent to the students through Whatsapp and they are asked to take the print out to know about the name of the paper and the syllabus allotted along with the name of faculty member who is allotted for the subjects. The faculty members orient the students through Student Induction programmes and during the ice-breaking sessions. The new topics like change in Research Methodology are given special preference and the topics are introduced through Power Point Presentations to enable the students to read the subject with ease. It helps them to boom out well as successful small entrepreneurs, teaches and professors in the near-by areas. They are also motivated to appear for SET/NET examinations, TRB as well as TNPSC examinations. A few students and scholars have successfully passed NET and SET exam. A few are appointed in Government posts. They have a paper named "English for Competitive Examinations" in Semester V and two papers named "English Literature for Competitive Exams" for UG during Semester V & VI and "English Literature for Competitive Exams" for PG during Semester IV which have helped them to appear for competitive exams.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institution is following the curriculum prescribed by the Periyar University. The programmes offered by the college are clearly amplified with the Programme Outcomes developed to shape the spiritual and practical attitude of the graduates. Programme Specific Outcomes are based on the descriptive skills that a graduate has to possess when he leaves the collegiate education and enters into the life or postgraduate life style. Course Outcomes - Curriculum structure of the Periyar University has clearly drafted and presented the objectives of each course including all the Undergraduate, Postgraduate, Research Programmes. The BoS members of the Institution represent their view in finalizing the programme specific outcomes of each programme of the department. The BoS also takes care of the course objectives of each course and verifies whether the outcome has been achieved. The Academic Council of the College is constituted

with the Principal as the Chairperson and all the HoDs of various departments as members and all the active academic decisions are discussed duely and in frequent intervals and necessary action has been taken by Head of the Institution. The programme objectives and course objectives are made available to all faculty and the students and through the web portal of the Institution. The students are continuously insisted on the objectives during the regular lecture hours and department association meetings also all the academic activities of the college.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The college has evolved from a rural college into a high profile research centre within a span of 5 decades. The college has been increasing its infrastructure based on the needs and requirements of the programs introduced. This has paved way for smooth functioning of teaching learning process. Classrooms: The college has a total of 43 programs with an add on course called CLP (Computer Literacy Programme). The student strength for the current year is 2744. The available classrooms are 56 and 1 Multipurpose Seminar Hall. Based on the demand the following programs are offered in Shift II. B.A.Tamil, B.Com., B.Sc. Computer Science. This has increased the number of students emerging as first generation graduates and has rewritten the destiny of students hailing from many low income families. The college submits proposal to the Government, DCE and RUSA. The buildings are constructed with the funds received. Science departments are fully equipped with UG,PG and Allied Laboratories. The required stock are purchased with the funds allotted for the departments by DCE. The details are maintained in the stock registers of the respective departments. The college has adequate computing equipment.

Library : The General Library is an evolving organism which houses nearly 33,000 books. It also buys regional and English Newspapers to keep the students abreast of the current affairs. As there is not a permanent Librarian, the Department maintain a department library and the books are circulated to the students.

GOVERNANCE, LEADERSHIP AND MANAGEMENT	
6.1 - Institutional Vision and Leadership	
6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution	
<p>Vision: To reshape the rural youth through education by refining their goals and infusing moral, ethical, and humanistic values to elevate the nation.</p> <p>Mission: To empower the rural youth with an elevated spirit of competence to face the challenges of life. To bring out their innate flair for interpersonal skills and fine-tune them as masters of multitasking. To craft them to be trend-setters with social responsibility, safeguarding cultural heritage. To train them as entrepreneurs of high order. To provide a calm and unruffled milieu to instigate research thirst</p> <p>Objectives: The objectives of the institution have been stated firmly with the followings: To safeguard the basic rights of education to the underprivileged sections of the society. To make every rural student a degree holder and achieve academic excellence. To propagate universal brotherhood and eco-consciousness To create an awareness about career opportunities abroad To inculcate excellence to bring out the hidden potential In view of promoting academic excellence and research aptitude, M.Phil. and Ph.D. scholars and Staff members are encouraged to apply for research projects facilitated by major funding agencies like UGC, DST, CSIR, TANSCH, TNSCST etc</p>

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The governing council empowers the Principal to plan and execute the strategies approved by the council, through decentralized governance by delegating authority to all HODs, various administrative bodies, committees, and cells at various levels for better performance thus promoting a culture of participative management. The department level activities are co-ordinated by the respective department Heads according to the directions and instructions of the Principal. Principal, HODs, faculty members, and the students play an important role in participative management. They have the freedom to suggest ideas and can provide constructive feedback on the operational activities of the institution. In absence of Principal the next senior most staff member acts as the Principal in-charge to monitor the routine functioning of the institution. Further, separate faculty members are entrusted with the duty to organize the activities of different students' organizations like NCC, NSS, Youth Red Cross, Red Ribbon Club, Sports Club, etc. The faculty members, who are in-charge of these organizations, lead the activities. The decisions are analysed and discussed at various levels. The large number of faculty visits to academic institutions bears testimony to the desire both to acknowledge contribution and to groom leadership. . The proper implementation of the institutional policies and programme is achieved through mutual understanding and appreciation. The leadership skills of the students also get enriched as they have to play the role of student coordinators in all the programmes undertaken by the college.

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

All the Government colleges are controlled by the Directorate of Collegiate Education (DCE) under Government of Tamil Nadu. The DCE regularly updates its website with necessary information regarding government's programmes for ensuring quality in higher education and plan of actions that individual institutions/colleges have to implement. The Principal collects necessary information directly from the DCE and organizes activities as per the requirements and implement them effectively at institutional level. The council of the college, consisting of the Principal and the Heads of the Departments discusses the issues related to curriculum, student welfare, and promotion of resource mobilization, infrastructure, and maintenance of campus facilities, faculty improvement and other emerging crisis in the council meetings and pass the resolution for further activities given by the DCE either directly or through Regional Joint Director of Collegiate Education, Dharmapuri.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The institution is managed by the Government of Tamilnadu. All the recurring expenditures are borne by the Government agencies. The UGC extends financial support for various academic developmental activities and the welfare of the students. Some of the methods used by the college in securing additional funding are given below: Contributions from M.L.A. fund and M.P. fund of the Rasipuram constituency towards furniture for students Contribution from Parents Teachers Association for furniture for students and paying salary for nonteaching staff members. The institution encourages its faculty to apply for various projects from Funding agencies both government and non-governmental organizations. Another source of fund is the fee collected from the students. Since it is a Government college it collects Tuition fees from students every year based on the Government guidelines and deposited in the Government account Fund also generated from Alumni Association. College old students contributed their amount for the welfare of the college. The funds mobilised are utilised

according to the provisions of government and the respective funding agencies. The Finance Committee ensures the optimum utilization of funds. After utilization, a Utilization Certificate is obtained from a Qualified Auditor to be submitted to the funding agencies. The assets generated through the funds are properly entered in the stock register of the concerned department

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice -1

Title of the Practice: Health and Fitness. **1. Objective:** To create awareness about the necessity of maintaining physical fitness to lead a healthy life and make the adage "Fit India" a reality. The students and staff members are encouraged to make use of the gym available within the campus. Various games are conducted for Faculty members and students. There is a visible difference in the temperament of the staff and students. **2. Context:** To concentrate on the physical and mental health of the students. **3. Practice:** The students now evince great interest in sports. The encouragement given by the Physical Directress has motivated the girls to participate in all the sports and games. Every year the no of students getting qualified for government job by securing Form III is escalating. **4. Evidence of Success:** The taboo that

girls should not participate in games and sports is the greatest challenge faced. Fortunately the presence of the Physical Directress has erased all the fear in the minds of the girls. Consequently more girls are participating in sports events. During the Annual Sports Day, staff and students participate in the various sports events and winners are honoured with prizes.

5. Problems Encountered and Resources Required: The students have got appointments in the Police department and other departments.

6. Notes: Financial support to participate in the events. The faculty members lend the financial support to the students.
